

Position : Supervisor (Stock Preparation & Paper Making)

Nature : Full Time

Job Responsibilities

- Ensure all production activities are carried out strictly in accordance with standard operating procedures to meet quality and quantity targets.
- Monitor and manage stock preparation and paper making processes, promptly addressing any abnormalities to maintain operational stability and continuous pulp supply.
- Plan, assign, and supervise workforce tasks to optimize productivity and improve overall efficiency.
- Oversee process control, production inspection, troubleshooting, and ensure compliance with clean production, energy-saving, and consumption reduction practices.
- Accountable for maintaining product quality by ensuring that pulp and paper meet the required specifications and standards. Any deviations in quality must be addressed promptly with appropriate corrective actions.
